**ANNOUNCEMENTS:**

**Police Report:** Danny Dunn excused himself for having been absent for the past few meetings, as he was studying for the sergeant and/or captain position.

He reported that we should consider ourselves fortunate that our neighborhood has been quiet.

Bravo still big issue for many; Officer Dunn assured us that the parking lot and delivery area of Bravo are being patrolled

Radar trailers have been placed on 31<sup>st</sup> Road; in addition, there have been speed traps & officers to observe Johnson Street. For more information Officer Dunn can be reached at 954-605-7269

**Code Report:**

Louise Jefferson was absent

**Mayor Giuliani** was present to address the Wasserman issue.

- Mayor is going to get Bob Rawls and Tom Landers to get City of Hollywood to put pressure on CSX regarding sound barrier wall. She will have her discretionary money available for PECA
- We thank Peter Bober has been very helpful in our district

**YMCA Chairman**, Dick Blatner, gave a presentation on Three Million-dollar project of YMCA building improvement along Taft Street including a 6000 sq. foot fitness center.

- Parking as well as the entrance will be moved to the rear of the building which was permitted by City and will make room for 80 additional cars than before.

The only issue with City is light poles, which the City would like 10-foot poles to be installed, doubling the cost of the project. Lights will be shielded and will not spill over to neighborhoods.

There will be a public meeting to address the surrounding residences' issues. More information can be found on the website and will be publicized personally.

- Hospital expansion will have meeting to prevent hosp to be closer to our roads
